STEADFAST HOPE: FACTSHEETS

In preparing the new resource for congregations, *Steadfast Hope: The Palestinian Quest for Just Peace*, various members of the Israel/Palestine Mission Network and others submitted a series of fact sheets. The editors were not able to use or edit all the material submitted. Neverthless, we do want to express our gratitude for the enormous work done by our collaborators. Posting these "fact sheets" on the IPMN website provides not only the occasion to recognize this work, but also to make it available to the public. The posting of these fact sheets on this website does not imply IPMN endorsement of all the material included in these fact sheets.
